*I,....., have read and accepted the security instructions regarding the tree house. I take full responsibility in the case where I disrespect the rules and my insurance company agrees to not hold the campsite responsible. I confirm that I am in good health and do not suffer from sleepwalking, heart or sight problems. In case of bad weather during my stay (strong winds > 90Km/h), for security reasons, I accept to be relodged until such times as I can return to the tree house.*
